DEPARTMENT OF INFORMATION TECHNOLOGY:
The Department of IT was established during the Academic Year 2001-02 to keep pace with the dynamics of swiftly changing global work environment. Its establishment was also necessitated keeping in view the dire need to train students of Science and commerce streams in the specialized sector of information technology. In pursuit of quality enhancement and achievement of excellence, the department has been conducting various certificate courses, seminars, technical workshops. An internship program through the specialized tool of TCSC Learn and Earn program and with unhindered support from various software companies has proved to be a jewel in the crown. In the backdrop of on-going COVID-19 pandemic which has affected each and every sector across the globe, the department has felt the need to organize “International Infotthon Conclave” in joint venture with IQAC. This will facilitate in understanding the advancement in Information technology and explore the opportunity in finding solutions that can be provided to people at large. There is an increase in demand for technical solutions in the field of Agriculture, personal finance, insurance, retail, supply chain management, Healthcare, entertainment and many more online process solutions. This is our sincere effort in creating awareness and taking a small step towards suggesting possible and feasible solutions for better future of the society.

OBJECTIVE OF THE INTERNATIONAL INFOTHON CONCLAVE:
- Interaction with National/International group of Academician, research scholars and expert from Industry.
- Role of IT in changing way of life and way forward.
- Role of IT in dealing with human crisis management.
- IT in new world order post COVID.
- Exchange of Ideas, knowledge, experiences and wisdom.
